As I was watching my 12 year old son putting a model car together and getting more frustrated by the minute until he was screaming. I walked in the kitchen and calmly said "Tom" you know what they say about patience and he looked up at me and said "I know Mom patience is a VIRGIN" I just smiled and said well yes you could say that too.

A man who had come out of a complicated abdominal surgery was complaining of having a bump on his head and a terrible headache. The nurse, fearing that the man might be suffering from some post operative shock, spoke to the surgeon about it. The doctor assured the nurse, "don't worry about a thing. He really does have a bump on his head. About halfway into the operation we ran out of anaesthetic."

"An aide to the prime minister of Canada called President Bush a moron. Well that's not fair. Here's a guy who never worked a day in his life, got rich off his Dad's money, lost the popular vote and ended up president. That's not a moron, that's genius!"

A man is on his way home from work one afternoon in LA and he's stopped in traffic and thinks "wow, this traffic seems worse than usual, we're not even moving."

He notices a police officer walking down the highway in between the cars and he rolls down his window and says "Excuse me officer, what's the hold up?"

"O.J. just found out the verdict, he's all depressed. He's lying down in the middle of the highway and he's threatening to douse himself in gasoline and light himself on fire. He just doesn't have the \$8.5 million for the Goldman's. I'm walking around taking up a collection for him."

The man says "Oh really? How much have you got so far?"

"So far...Ten gallons."

When a doctor remarked on a new patient's extraordinarily ruddy complexion, he said, "high blood pressure, Doc. It runs in my family."

"Your mother's side or your father's?" the doctor asked. "Neither," the patient replied. "It's from my wife's family."

"Oh, come now," said the doctor "How could your wife's family give you high blood pressure?" He sighed. "You oughta meet'em sometime, Doc!"

An 85-year-old widow went on a blind date with a 90-year-old man.

When she returned to her daughter's house later that night, she seemed upset.

"What happened, Mother?" the daughter asked.

"I had to slap his face three times!"

"You mean he got fresh?"

"No," she answered. "I thought he was dead!"

A concerned husband went to the doctor to talk about his wife.

He said to the doctor, "I think my wife is deaf because she never hears me the first time and always asks me to repeat things."

"Well," the doctor replied, "go home tonight, stand about 15 feet from her, and say something. If she doesn't reply, move 5 feet closer and say it again. Keep doing this until we get an idea about the severity of her deafness."

The husband went home and did exactly as the doctor had instructed. He started off 15 feet from his wife in the kitchen as she was chopping some vegetables.

He said, "Honey, what's for dinner?"

He heard no response. He moved 5 feet closer and asked again. No reply. He moved 5 feet closer. Still no reply. He finally got fed up and moved right behind her, about an inch away, and asked again, "Honey, what's for dinner?"

She replied, "For the fourth time, vegetable stew!"

"Keep it," the clerk advises. "When you get four of them, you get a bicycle."

So he continued to date Lorraine. One day Brian took Lorraine on a walk in the woods by the river. As they were walking near the river Lorraine fell in and was washed away. Peter was telling a friend that he had just lost his job. "Why did the foreman fire you?" the friend asked in surprise. "Oh," Peter said, "you know how foreman are. They stand around with their hands in their pockets watching everybody else work." "We all know that," replied his friend. "But why did he let you go?" "Jealousy," answered Pete.
